Web Access Management System (WAMS)

The State's Web Access Management System (WAMS) allows authorized individuals to access State Internet applications using the same means of identification for all State Web applications. For example, a citizen can use the same Wisconsin User ID and password to acquire overweight trucking permits and Emergency Medical Technician certification.

When access to information or services is restricted, to protect your privacy or the privacy of others, you will be asked to provide a Wisconsin User ID and password. Your Wisconsin User ID and password verifies your identity so that we can provide you with access to your information and services and prevent access by unauthorized individuals.

Please note that only certain types of information will be stored in your user profile, as described in the [User Acceptance Agreement](#). Your user profile will never collect or contain information about you, such as your driving history, tax information, unemployment compensation or vehicle registrations.

Self-Registration

Welcome to the State of Wisconsin's self-registration process. Self-Registration allows you to create your personal Wisconsin Login Account. This is your key to doing secure business with the State of Wisconsin over the Internet.

OVERVIEW

The self-registration process consists of two parts:

Important: We highly recommend that you complete Parts One and Two at the same time. You **must** complete Part Two within four (4) days of requesting the account or you will have to begin the self-registration process again.

- **Part One: Requesting a Wisconsin User ID and Password**

In Part One, you will submit your contact and account information. You will be sent a confirmation e-mail immediately, containing a Web link to the Account Activation page.

Note: You must have an accessible, valid, and unique e-mail address to complete the self-registration process.

- **Part Two: Activating your Account**
