

2009 The Matter of the Heart: Building Safe and Drug Free Schools Conference

Kalahari Resort/Convention Center
Wisconsin Dells, WI
DECEMBER 3-4, 2009

What's this conference about?

This year's conference, planned by the Student Services/Prevention and Wellness Team, provides a significantly different format and organization of content matter from past years. While there are still 90-minute sectionals on "best practice" models in a variety of presentation areas, they are focused on three specific tracks—AODA, tobacco, and violence prevention. A significant portion of the conference matter is organized as extended training workshops.

Who will be attending?

School and community staff including: AODA coordinators, teachers, pupil services staff, prevention professionals.

What are we looking for in exhibits?

Exhibits are expected to focus on best practices in AODA, school violence, and tobacco prevention, as those are the areas of emphasis in our school-based conference breakouts and training sessions.
