

# Assessment Update for Parental Choice Schools

April 18, 2024

## WISCONSIN STATEWIDE ASSESSMENT SYSTEM UPDATES

### Assessment

#### Reminder:

##### Test Participation

Statewide assessments are required by state law. Participation of all enrolled students ensures the validity of test results used for state accountability determinations, public reporting, and continuous improvement. Please work with building leaders to plan for successful test administrations by:

- Scheduling time for make-up assessments to ensure completion within the windows.
- Planning your testing schedule around local cultural events, holidays, and activities to allow students to do their best.
- Planning to administer the English Language Arts (ELA) portion of the Forward Exam early in the test window.
- Regularly monitoring test participation within each assessment's administrative platform to ensure greater than 95 percent participation for all students and student groups.
- Working with your virtual schools to ensure they are testing all students enrolled in tested grades.

### ACT

#### New:

##### ACT Test Administration Update

We are in the final week of ACT testing for spring 2024. Around 90% of all testing has been completed. **DACs should review test participation at each of their schools and assist schools with make-up testing efforts.** Use the [Dashboard feature in PearsonAccess<sup>next</sup>](#) for a quick and easy way to view participation at both a school and district level. Any students who have not yet tested, must be scheduled for online make-up testing. The last day for ACT testing is this **Friday, April 19.**

#### Reminders:

##### Testing Remaining Students with Online Testing

Schools should switch any students who have not completed testing over to online testing for make-ups. Review the [Switching from Paper to Online Testing](#) document for instructions. Schools will also need to [order an Online Material Return Kit in PearsonAccess<sup>next</sup>](#).

## Online Testing - Post Test Reminders

It is important that at the conclusion of online testing all students who tested are showing their tests in 'completed' status, and that all test sessions have been stopped and locked. Do **not** mark absent students' tests completed. If there are students in test sessions that did not test, you must remove them from the test session before you can stop and lock the session. Instructions for these steps are outlined in the [ACT Online Testing Administration Manual](#). Note: On April 19, purge all testing content from proctor caching computers.

### Final ACT Testing Window Dates:

- April 9: Paper standard testing - **concluded**.
- April 9-12, 15-19: Paper accommodated testing.
- April 9-12, 15-19: Online standard and accommodated testing.
- Student MyACT account registrations must be completed within two days post testing.
- Review the [2024 ACT Schedule of Events](#) for all Test Window 3 tasks and deadlines.

### Student Scores

Students' scores are received 5-8 weeks post testing. Scores will be sent electronically to their MyACT accounts, and a paper copy will be sent to their home address. Schools will see scores filter into [Success.ACT](#) within one week of students receiving scores in MyACT and receive a hard copy of the students' reports to retain as record. Note: ACT tests are scored in batches and **not all student scores may be received at the same time**. If a student has not received a score after eight weeks, please contact ACT directly at 319-337-1590.

## PreACT Secure

### New:

#### PreACT Secure Test Administration Update

There are about one and a half weeks left in the PreACT Secure testing window for spring 2024. Currently almost 80% of all testing has been completed. DACs should review test participation at each of their schools and assist schools with make-up testing efforts. Use the [Dashboard feature in PearsonAccess<sup>next</sup>](#) for a quick and easy way to view participation at both a school and district level. **All testing must be completed by April 26.**

### Reminder:

#### Post Testing Reminders

Once testing is complete:

- Complete all test administration forms for each testing room and collect materials (online and paper testing).
- Enter any test irregularity reports into PearsonAccess<sup>next</sup> (paper and online testing). [Online Administration Manual](#) (p. 39).
- Prepare and return all **paper accommodated secure materials** to ACT (p. 31 of [Test Coordinator Manual](#)).

**Note: Do not return any online testing materials to ACT. Retain onsite for one year then securely destroy.**

# Forward Exam

## New:

### Forward Exam Administration Update

The Forward Exam test window opened on March 18. Districts have been doing a great job testing. In the first four weeks of testing, over 98% of districts started testing and over 70% of all testing was completed. All testing must be completed by April 26.

## Reminders:

### Educator Involvement Opportunity - Standard Setting Application Deadline Approaching

There is still time to apply! DPI is currently in the process of recruiting a diverse group of educators from all over Wisconsin (including English learner and special education teachers) to participate in Forward Exam Educator Involvement Opportunities. This is a great opportunity to be a part of the Forward Exam development and scoring, have detailed input on the exam, and take knowledge back to your district about the processes.

- **Standard Setting - Deadline to apply is April 19.**
- New Item Review - Deadline to apply is May 10.

More information about each opportunity, including how to apply, is available on the [Forward Exam Educators Involvement webpage](#). Please share this information with your educators.

### Student Began Testing With/Without Accessibility Feature

If a student starts a content area of the Forward Exam without an accessibility feature they were supposed to be assigned, or with a feature assigned by mistake, please refer to the Decision Tree in Appendix E of the [Test Administration Manual](#). An embedded accessibility feature (e.g., Stacked Translation) cannot be added or removed after the student enters the test and DPI will need to be contacted for options.

### Maximizing COS-SD Performance

In order to avoid testing interruptions, Districts may need to increase the capacity of their Central Processing Unit (CPU) or the number of Central Office Services (COS) devices to handle the increased downloads of the Text-to-Speech (TTS) universal support. Please refer to the [Technical Bulletin-Maximizing COS-SD Performance](#) and contact the [DRC Help Desk](#) with questions.

### Forward Exam 10th Grade Social Studies

This is an important reminder to ensure your 10th grade students are able to participate in the Forward Social Studies Exam. Allow time in your 10th grade testing schedules for the Forward Exam. All testing must be completed by April 26.

### Cross-Website Tracking on iPads

For all iPad devices, the Cross-Website Tracking setting must be manually enabled on each iPad Testing Device. If cross-website tracking is not enabled on iPads, students will receive an "Error Retrieving Content" error message when launching the test. Cross-Website Tracking cannot be enabled with MDM software. To enable Cross-Website Tracking, perform the following steps on each iPad:

1. Navigate to Settings.
2. Tap DRC INSIGHT.
3. Toggle Allow Cross-Website Tracking to on.

### Google Admin Console Setting

Districts using Chromebooks for testing should ensure that "Allow app to manage power" is toggled off or disabled in the Google Admin Console settings. If this is not toggled off, the DRC INSIGHT Secure Application screen could go blank on Chromebooks after a period of time, such as when students are reading long passages.

### VSL Content

If any students in your district require the Video Sign Language (VSL) accommodation, you must use a Central Office Service Device (COS-SD). The District Technology Coordinator must place a checkmark in the VSL column in the Central Office Services configuration under the Content Management tab and then click the "Update Configuration" button to save the change. For more information refer to the [April 3 Assessment Update](#).

### Transfer Students

When a student is transferred into your district during the testing window, the DAC/SAC must add the student to appropriate test sessions, ensure accessibility features are accurate, then print test tickets.

## Assessment

### Reminder:

#### Non-tested Codes in the Portal

Please ensure that all non-tested students have the appropriate not-tested code entered in the vendor portal for that assessment. For example, students excused by parent opt-out should be appropriately coded in the vendor portal. Instructions for entering non-tested codes are available on each assessment's webpage and will be shared in a future DAC Digest. Schools/districts should maintain records of parent opt-out requests.

## New Resources

As new resources are posted to our website, we will include them here for your convenience for a few weeks. This is NOT an exhaustive list but meant to highlight resources with significant relevance to our upcoming test windows.
